## Notes

Dear Parents,

For the month of February we had a lot of fun making finger painting hearts, tissue paper hearts and sponge paint hearts. We enjoyed our new rice sensory table in which the children compared the textures soft and rough. In the afternoons we made a fort. The children were able to take pillows, their favorite books and love into their fort. All the giggles and smiles just warmed my heart.

Our book of focus for this past month was "Heart Prints" by P.K. Hallinan. We learned different ways to show our friends kindness. For example; sharing our toys is a great way to be nice to others, giving hugs when a friend is feeling sad is another way.

For the first week of March we will be celebrating Dr. Seuss.
